## Message from the Chairman, The Dragon Foundation

Thank you all for your generous support of The Dragon Foundation's 15th Charity Golf Tournament. It is a privilege to come together with partners and friends across the community, united by a shared commitment to empowering our young people.

Since 2009, this tournament has grown alongside the Foundation's mission to support the development of ethnic Chinese youth. Through a sustained collective effort, we continue to create opportunities that equip young people with the confidence, perspective, and sense of responsibility to contribute meaningfully to society, underpinned with a strong cultural identity as an ethnic Chinese.

At a time when Hong Kong continues to strengthen its role as a hub for international sporting events, this tournament reflects how sport can serve a broader purpose of connecting communities and advancing social good. The impact of your support extends well beyond the day's event, contributing to long-term youth development and community well-being.

I would like to express my sincere gratitude to Mr Stephen Yeung Tak Ip, Chairman of the Organising Committee, and to all committee members for their dedication. We are also deeply thankful to our sponsors, particularly The Hong Kong Golf Club, as well as our donors and participants for their unwavering support.

By investing in our youth, we are investing in the future of our society. We look forward to your continued partnership in this shared endeavour.

*Lester Garson HUANG, SBS, JP*

## Message from the Chairman, Organising Committee of the 15<sup>th</sup> Charity Golf Tournament

On behalf of the Organising Committee, it is my distinct privilege to welcome you to The Dragon Foundation's 15<sup>th</sup> Charity Golf Tournament.

Since its inception, The Dragon Foundation has been dedicated to supporting and nurturing the next generation of young leaders by creating platforms that inspire global perspectives and civic responsibility.

To further connect this tournament to the Foundation's mission, we are delighted to introduce our Junior Golf Initiative this year, which welcomes 12 bright junior golfers from five different schools. Golf is far more than just a sport; it is a profound teacher of character. Through the green fairways, we hope these young minds not only cultivate physical discipline and sportsmanship, but also develop the patience, resilience, and strategic focus that will guide them in their future leadership journeys.

I would like to extend my heartfelt appreciation to the Board of Directors of The Dragon Foundation, particularly the Chairman, Mr Lester Huang, for their invaluable support and trust. My profound thanks also go to the Programme and Fundraising Committee—especially the Chairperson, Ms Annie Tam, and Vice-Chairpersons, Mr George Lau and Mr Christopher Lau—for their guidance and faith in appointing me to lead this wonderful event.

Additionally, I am immensely grateful to my esteemed fellow Organising Committee members for their unwavering dedication and camaraderie throughout this journey.

Most importantly, I must thank our incredibly generous sponsors, donors, and players—your support is the true heartbeat of this tournament. I wish you all a wonderful, fulfilling, and memorable day on the course.

*Stephen YEUNG Tak Ip*

# Introduction to The Dragon Foundation

2000 was both the start of the new millennium and, according to the Chinese calendar, the Year of the Dragon. To commemorate these auspicious events, the then Home Affairs Bureau and the then Home Affairs Department of the Hong Kong Special Administrative Region (HKSAR) Government, The Hong Kong Federation of Youth Groups and The All-China Youth Federation co-organised the project “Dragon at the Great Wall – Commemorating the New Millennium: A Vision for Youth”.

This special project included a youth conference, entitled, “Meeting the Challenges of the New Millennium”, with discussions focused on the theme, “Visualising the Trends of Global Development and the Challenges of the 21st Century”. Held at the Great Hall of the People in Beijing and attended by more than 3,000 Chinese youth from across the globe, the event culminated in raising a 10,000-foot-long dragon at the Great Wall which then successfully broke the current Guinness World Record for the longest dragon dance.

Following this successful event, and with community support and encouragement, The Dragon Foundation (龍傳基金) was set up, taking forward the aims manifested by Dragon at the Great Wall. The Foundation was established in Hong Kong and inaugurated on 12 February 2000. The Foundation is incorporated under the Companies Ordinance and registered as a non-profit, charitable organisation. The Foundation’s Board of Directors includes representatives of the HKSAR Government, The Hong Kong Federation of Youth Groups and prominent leaders from various sectors of the community. The Foundation’s Secretariat is administered by The Hong Kong Federation of Youth Groups.

## Flagship Programmes

To continue connecting and enabling young people of Chinese ethnicity from around the world, activities of exchange, exposure and leadership training are provided so that they can find inspiration to shape a brighter, more sustainable future.

### Dragon 100

The “Dragon 100” (龍匯100) recruits 100 exceptional ethnic Chinese youth from around the globe each year to explore Hong Kong and at least one city in Chinese Mainland, as they enhance their understanding of social and economic issues, gain broader perspectives and make new friends.

In 2025, marking the 60th anniversary of the Dongjiang Water Supply to Hong Kong, the programme adopted the theme *Drops of the Future: Sustainability*. It brought delegates to Huizhou and Dongguan. Through visits to water management facilities, ecological projects and innovative tech enterprises, delegates gained hands-on insights into sustainable development solutions. Delegates also immersed themselves in cultural experiences at historical landmarks, fostering a sense of national identity.

### Youth High Speed Rail Trip

Co-organised annually with The Hong Kong Federation of Youth Groups (HKFYG), the Youth High Speed Rail Trip (高鐵青年號) takes hundreds of Hong Kong youth to travel to various cities in the Chinese Mainland by high-speed rail. It enables Hong Kong youth to leverage the convenient high-speed rail network, visit the Chinese Mainland in person, witness national development, and nurture their personal and holistic growth.

In 2026, the Youth High Speed Rail Trip brought hundreds of young participants to Xiamen. Participants visited local high-tech enterprises, a prestigious university and historic cultural districts. Through immersive on-site experiences, participants gained insights into Xiamen’s economic achievements and technological advancements since the reform and opening-up, as well as the unique features of Minnan culture.
